

OUR MISSION IS YOUR SUCCESS!

PMP® Power Prep **Project Management Professional®** **Exam Preparation Training**

The Project Management Professional (PMP)® is the most widely recognized certification in Project Management, and the Reed Learning Institute's five day PMP® Power Prep will help get you certified. This course satisfies the 35-hour formal project management contact hours required by the Project Management Institute (PMI)® to sit for the Project Management Professional (PMP)® exam. Days 1 through 4 provide an in-depth overview of the *PMBOK® Guide*, including strategies for preparing for and taking the exam. Day 5 begins with a review of the material to ensure proper understanding. After the overview, an electronic simulated PMP® Exam will be provided (200 questions and a four-hour time limit). This approach provides the student with an environment similar to the PMP® Exam – a proven benefit!
